Project Location:

Yorkville, IL

Project Type:

Senior Living

Scope of Work:

This newly constructed 73 unit assisted living facility in Yorkville, IL is a joint effort of architect, St. Louis Design Alliance and Cedarhurst Assisting Living and Memory Care. The exterior is representative of prairie style architecture with lap siding, stone and wood trim that is framed along the front with a beautifully landscaped courtyard garden. A dramatic entry foyer has adjacent inviting spaces for the residents to enjoy communal activities.
